

# MISBAH SHAIKH

## FRONTEND DEVELOPER

### CONTACT

- +971 58 9339774
- shaikhmisbah1209@gmail.com
- Dubai, UAE
- UAE Golden Visa Holder
- [Portfolio](#)

### SKILLS

#### Frontend

- HTML5, CSS3, JavaScript (ES6+) React, Vue.js
- Responsive & Mobile-First Design
- Cross-Browser Compatibility
- AJAX, jQuery

#### UI/ UX

- Figma, Wireframing, Prototyping
- Design Systems
- Heuristic Evaluation & Usability Testing
- User-Centred Design

#### Backend

- Node.js, Express
- Django
- REST APIs
- MongoDB, MySQL

#### Tools

- GitHub, GitLab
- Jira, ClickUp
- CoreMedia CMS
- VS Code

### PROFILE

Frontend Developer with hands-on experience building responsive, user-centric web applications using **HTML5, CSS3, JavaScript (ES6+), and React**. Experienced in delivering consistent UI/UX across large-scale, multi-market platforms and collaborating closely with designers, content teams, and developers. Strong attention to detail, accessibility, and performance, with a passion for creating intuitive digital experiences and continuously improving frontend best practices.

### WORK EXPERIENCE

#### Essilor Luxottica | London, UK

FEB 2024 - NOV 2025

##### Frontend Web Developer

- Built and maintained **responsive, high-traffic frontend interfaces** across **9 European markets**, supporting **100k+** monthly users and ensuring consistent UI/UX across devices and browsers
- Translated design specifications into **clean, reusable HTML, CSS, and JavaScript components**, reducing UI inconsistencies and content-related rework by **~30%**
- Collaborated with **UX designers, content teams, and developers** during large-scale website migration projects, contributing to **100%** on-time delivery across regional launches
- Identified and resolved **frontend UI bugs, layout issues, and interaction defects**, reducing post-release UI issues reported during UAT by **~25%**
- Conducted **UAT, cross-browser, and responsive testing** across multiple devices and browsers, helping achieve **stable releases with minimal UI regressions**
- Worked in **Agile environments**, managing tasks and defects using Jira and ClickUp, consistently completing **95%+ sprint tasks on schedule**

**Recognition of Excellence** - Recognised for consistently meeting tight deadlines while maintaining high-quality frontend standards across multiple domains - Frequently entrusted with complex UI tasks due to strong problem-solving skills, attention to detail, and adaptability

#### Middlesex University Dubai | UAE

OCT 2021 - APR 2022

##### Student Learning Assistant

- Assisted in delivering web development sessions focused on **HTML, CSS, JavaScript, and responsive design**
- Supported students during practical labs by debugging code and explaining core frontend development concepts

**Recognition of Excellence** - Awarded a Certificate of Excellence for maintaining high student engagement and demonstrating technical proficiency in debugging and frontend instruction.

# SOFTSKILLS

- Mentorship & Peer Review
- Cross-Functional Collaboration
- Detail-Oriented
- Agile Adaptability
- Time Management
- Continuous Learning
- Collaborative leadership
- Self-sufficient

# LANGUAGE

- English - Profesional
- Hindi - Native
- Arabic - Beginner

# EDUCATION

- Master of Science in Information Technology**2022- 2023
- School of Technology | University of Glasgow, Scotland
- GPA: First Class Distinction**
- Bachelor of Science in Information Technology**2019 - 2022
- School of Computer Science| Middlesex University, Dubai
- GPA: First Class Distinction**

# PROJECTS

- React Project – Mini Apps Collection**
- React | JavaScript (ES6+) | CSS | APIs
- Developed a collection of React applications demonstrating strong fundamentals in **component-based development**, **state management**, **API integration**, and user-focused UI design.
  - Built interactive apps include a Calculator, Weather App, To-do List, and Music Player, using modern **React hooks**.
  - Implemented **real-time state** updates, controlled components, and event-driven logic for seamless user interaction.
  - Integrated third-party APIs with **useEffect**, **async/await**, and robust error handling.
  - Enhanced usability through **conditional rendering**, **dynamic styling**, and responsive UI behaviour.
- Fashion Travel Planner**
- HTML | CSS | JavaScript | Django | API Integration
- Designed and developed a **responsive, user-friendly web interface** providing outfit recommendations based on **real-time weather data**
  - Implemented **dynamic UI updates** driven by external API responses
  - Focused on **user flow, usability, and visual clarity**, achieving a top-grade project result
- KICKS – E-commerce Web Application**
- HTML | CSS | JavaScript | MongoDB | AJAX | jQuery
- Built a fully responsive e-commerce frontend with interactive product listings and **search functionality**
  - Implemented UI features such as **dynamic filtering and product recommendations** based on user behaviour
  - Led a collaborative team effort, achieving a final score of **98/100**
- CulturePoint – UX Prototype**
- Figma | Wireframing | Usability Testing
- Designed a mobile application prototype using wireframes and clickable mock-ups on Figma
  - Incorporated user feedback, resulting in a **20% increase in user satisfaction based** on usability testing.
  - Iterated designs based on **Heuristic Evaluations and usability testing**.
  - Nominated for the **University Entrepreneurship Program**, recognising its excellence in user experience design and its potential for entrepreneurial initiatives.
